**“I never met a person from whom I did not learn something.” ~John Wooden**

**PRINCIPAL'S POINTS...** Can you believe it is February???? It feels more like late March with the beautiful weather we have had recently! Perhaps the Super Bowl should come to Indianapolis every February so we can enjoy the mild temperatures. With the early entrance of warm weather comes the early entry of spring fever for students. We have had an increase in negative behaviors in the classroom. Please continue to remind your child that we have four full months of school left and to persevere until the end. We will continue to encourage students here at school as well! As always, thank you for your continued support of education at Lantern Road!

**DATA DELIVERY...** I added the attendance rate for the second nine week grading period. This typically is a difficult time of year for attendance. Not only is it the beginning of the cold and flu season, but also encompasses three vacation periods. Fall Break, Thanksgiving Break, and Winter Break create short school weeks. Families often see this as an opportunity to extend the vacation time and miss school days. Certainly, pre-arranged absences can be educational adventures or special family times. However, an absence is an absence and that direct instruction time cannot be replaced. Thank you for carefully considering your child's attendance on those days that fall before and after a break.

*Ms. Simpson*
