

Immunization Requirement for all FHS 12th Graders in 2018-2019

The Indiana State Department of Health (ISDH) has added a new immunization requirement for the 2018-19 school year that may affect your student next year during his/her senior year.

New Indiana Code requires students in the 12th grade to provide documentation of the following:

- **Second Meningococcal (MCV4) vaccine (if their first MCV4 vaccine was given before the age of 16. *Students who received the first MCV4 vaccine on or after their 16th birthday have met the requirements***
- **Two doses of Hepatitis A (Hep A) vaccine (at least one is required by start of school year)**
-

We highly recommend that you talk with your child's health care provider or school nurse to see if your child will need to receive the vaccinations before the beginning of the 2018-2019 school year.

If your student has had the vaccination(s), please send a copy to the clinic via: fax (317-585-2870), email (ahanna@hse.k12.in.us) or have your student drop it by.
