

**There are Two questions every HSE Football Player should ask themselves and their teammates:**

- 1. Are You Committed?**
- 2. Can I trust You?**

**Your answers to these questions will be heavily scrutinized. Your words, and more importantly, your actions, will tell us what type of player you are long before you ever step onto the field. Our program will be special because you will, at all times, be made to live up to your commitment to the team. The team is more important than the individual. This is true now and will hold true for the rest of your life. Those who are self-centered or selfish will not survive!**

**HSE Football**

**Commitment Statement:**

**I promise to be a team player, to work hard and do the right thing for the good of the TEAM. I will listen to my coaches, encourage my teammates, and give my best effort in all that I do. By signing my name on the commitment ball, I commit to represent the tradition of HSE football, my family, and myself with class and pride this season. I will set high standards for myself and hold my teammates to the same.**

There is no greater pain than the pain of PROMISE unfulfilled!
